## **Independent Auditor's Report**

Board of Directors

Mission Bend Municipal Utility District No. 1

Harris and Fort Bend Counties, Texas

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Mission Bend Municipal Utility District No. 1 (the "District"), as of and for the year ended March 31, 2026, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Mission Bend Municipal Utility District No. 1, as of March 31, 2026, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Board of Directors  
Mission Bend Municipal Utility District No. 1  
Harris and Fort Bend Counties, Texas***

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied

***Board of Directors  
Mission Bend Municipal Utility District No. 1  
Harris and Fort Bend Counties, Texas***

certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Texas Supplementary Information schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

## **Management's Discussion and Analysis**

*(This page intentionally left blank)*

***Mission Bend Municipal Utility District No. 1  
Management's Discussion and Analysis  
March 31, 2026***

**Using this Annual Report**

Within this section of the financial report of Mission Bend Municipal Utility District No. 1 (the "District"), the District's Board of Directors provides a narrative discussion and analysis of the financial activities of the District for the fiscal year ended March 31, 2026. This analysis should be read in conjunction with the independent auditor's report and the basic financial statements that follow this section.

In addition to this discussion and analysis, this annual report consists of:

- The District's basic financial statements;
- Notes to the basic financial statements, which provide additional information essential to a full understanding of the data provided in the financial statements;
- Supplementary information required by the Governmental Accounting Standards Board (GASB) concerning the District's budget; and
- Other Texas supplementary information required by the District's state oversight agency, the Texas Commission on Environmental Quality (TCEQ).

**Overview of the Financial Statements**

The District prepares its basic financial statements using a format that combines fund financial statements and government-wide statements onto one financial statement. The combined statements are the *Statement of Net Position and Governmental Funds Balance Sheet* and the *Statement of Activities and Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. Each statement contains an adjustments column which quantifies the differences between the government-wide and fund level statements. Additional details of the adjustments are provided in Note 2 to the basic financial statements.

**Government-Wide Financial Statements**

The focus of government-wide financial statements is on the overall financial position and activities of the District, both long-term and short-term. The District's government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*, which are prepared using the accrual basis of accounting. The *Statement of Net Position* includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual reported as net position. Over time, changes in net position may provide a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Accounting standards establish three components of net position. The net investment in capital assets component represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted component of net position consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties. The unrestricted component of net position represents resources not included in the other components.

***Mission Bend Municipal Utility District No. 1***  
***Management's Discussion and Analysis***  
***March 31, 2026***

The *Statement of Activities* reports how the District's net position has changed during the fiscal year. All revenues and expenses are included on this statement, regardless of whether cash has been received or paid.

**Fund Financial Statements**

The fund financial statements include the *Governmental Funds Balance Sheet* and the *Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. The focus of fund financial statements is on specific activities of the District rather than the District as a whole, reported using modified accrual accounting. These statements report on the District's use of available financial resources and the balances of available financial resources at the end of the year. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties, governmental statutes or regulations.

For further discussion on the government-wide and fund financial statements, please refer to Note 1 in the financial statements.

**Financial Analysis of the District as a Whole**

The District's net position at March 31, 2026, was \$5,755,794. A comparative summary of the District's overall financial position, as of March 31, 2026 and 2025, is as follows:

|                                  | 2026                | 2025                |
|----------------------------------|---------------------|---------------------|
| Current and other assets         | \$ 5,661,574        | \$ 6,724,373        |
| Capital assets                   | 5,333,222           | 4,989,045           |
| Total assets                     | <u>10,994,796</u>   | <u>11,713,418</u>   |
| Current liabilities              | 534,002             | 645,822             |
| Long-term liabilities            | 4,705,000           | 4,900,000           |
| Total liabilities                | <u>5,239,002</u>    | <u>5,545,822</u>    |
| Net position                     |                     |                     |
| Net investment in capital assets | 953,006             | 970,491             |
| Restricted                       | 645,800             | 700,829             |
| Unrestricted                     | 4,156,988           | 4,496,276           |
| Total net position               | <u>\$ 5,755,794</u> | <u>\$ 6,167,596</u> |

***Management's Discussion and Analysis***  
***March 31, 2026***

The total net position of the District decreased during the current fiscal year by \$411,802. A comparative summary of the District's *Statement of Activities* for the past two fiscal years is as follows:

|                                        | 2026                | 2025                |
|----------------------------------------|---------------------|---------------------|
| Revenues                               |                     |                     |
| Water and sewer service                | \$ 675,151          | \$ 664,822          |
| Property taxes, penalties and interest | 1,373,624           | 1,435,762           |
| Other                                  | 1,255,568           | 1,345,240           |
| Total revenues                         | <u>3,304,343</u>    | <u>3,445,824</u>    |
| Expenses                               |                     |                     |
| Current service operations             | 3,294,512           | 2,502,993           |
| Debt interest and fees                 | 179,888             | 184,686             |
| Depreciation                           | 241,745             | 241,745             |
| Total expenses                         | <u>3,716,145</u>    | <u>2,929,424</u>    |
| Change in net position                 | (411,802)           | 516,400             |
| Net position, beginning of year        | 6,167,596           | 5,651,196           |
| Net position, end of year              | <u>\$ 5,755,794</u> | <u>\$ 6,167,596</u> |

**Financial Analysis of the District's Funds**

The District's combined fund balances, as of March 31, 2026, were \$5,051,429, which consists of \$3,984,242 in the General Fund, \$547,403 in the Debt Service Fund and \$519,784 in the Capital Projects Fund.

*General Fund*

A comparative summary of the General Fund's financial position as of March 31, 2026 and 2025, is as follows:

|                                                      | 2026                | 2025                |
|------------------------------------------------------|---------------------|---------------------|
| Total assets                                         | <u>\$ 4,415,171</u> | <u>\$ 4,723,584</u> |
| Total liabilities                                    | \$ 258,183          | \$ 227,308          |
| Total deferred inflows                               | 172,746             | 129,460             |
| Total fund balance                                   | 3,984,242           | 4,366,816           |
| Total liabilities, deferred inflows and fund balance | <u>\$ 4,415,171</u> | <u>\$ 4,723,584</u> |

A comparative summary of the General Fund's activities for the current and prior fiscal year is as follows:

|                                    | 2026                | 2025              |
|------------------------------------|---------------------|-------------------|
| Total revenues                     | \$ 2,849,279        | \$ 2,887,632      |
| Total expenditures                 | (3,231,853)         | (2,681,410)       |
| Revenues over/(under) expenditures | <u>\$ (382,574)</u> | <u>\$ 206,222</u> |

***Mission Bend Municipal Utility District No. 1***  
***Management's Discussion and Analysis***  
***March 31, 2026***

The District manages its activities with the objectives of ensuring that expenditures will be adequately covered by revenues each year and that an adequate fund balance is maintained. The District's primary financial resources in the General Fund are from a property tax levy, the provision of water and sewer services to customers within the District and sales tax rebates received from the City of Houston. Financial resources are influenced by a variety of factors each year:

- Property tax revenues are dependent upon assessed values in the District and the maintenance tax rate set by the District. Property tax revenues in the District have remained fairly consistent from year to year.
- Water, sewer and groundwater pumpage fee revenues are dependent upon customer usage, which fluctuates from year to year as a result of factors beyond the District's control.
- Sales tax rebates received from the City of Houston under a Strategic Partnership Agreement are dependent on consumer spending at retail stores located within the District's boundaries and will fluctuate from year to year.

*Debt Service Fund*

A comparative summary of the Debt Service Fund's financial position as of March 31, 2026 and 2025, is as follows:

|                                                      | 2026              | 2025              |
|------------------------------------------------------|-------------------|-------------------|
| Total assets                                         | <u>\$ 694,808</u> | <u>\$ 722,648</u> |
| Total liabilities                                    | \$ 34,441         | \$ 6,715          |
| Total deferred inflows                               | 112,964           | 103,156           |
| Total fund balance                                   | <u>547,403</u>    | <u>612,777</u>    |
| Total liabilities, deferred inflows and fund balance | <u>\$ 694,808</u> | <u>\$ 722,648</u> |

A comparative summary of the Debt Service Fund's activities for the current and prior fiscal year is as follows:

|                             | 2026               | 2025               |
|-----------------------------|--------------------|--------------------|
| Total revenues              | \$ 366,412         | \$ 408,939         |
| Total expenditures          | <u>(431,786)</u>   | <u>(431,993)</u>   |
| Revenues under expenditures | <u>\$ (65,374)</u> | <u>\$ (23,054)</u> |

The District's financial resources in the Debt Service Fund in both the current and prior fiscal year are from property tax revenues. The difference between these financial resources and debt service requirements resulted in decreases in fund balance each year. It is important to note that the District sets its annual debt service tax rate as recommended by its financial advisor, who monitors projected cash flows in the Debt Service Fund to ensure that the District will be able to meet its future debt service requirements.

*Capital Projects Fund*

A comparative summary of the Capital Projects Fund's financial position as of March 31, 2026 and 2025, is as follows:

|                                    | 2026                     | 2025                       |
|------------------------------------|--------------------------|----------------------------|
| Total assets                       | <u>\$ 579,381</u>        | <u>\$ 1,278,141</u>        |
| Total liabilities                  | \$ 59,597                | \$ 206,695                 |
| Total fund balance                 | <u>519,784</u>           | <u>1,071,446</u>           |
| Total liabilities and fund balance | <u><u>\$ 579,381</u></u> | <u><u>\$ 1,278,141</u></u> |

A comparative summary of activities in the Capital Projects Fund for the current and prior fiscal year is as follows:

|                             | 2026                       | 2025                         |
|-----------------------------|----------------------------|------------------------------|
| Total revenues              | \$ 35,558                  | \$ 102,393                   |
| Total expenditures          | <u>(587,220)</u>           | <u>(1,323,705)</u>           |
| Revenues under expenditures | <u><u>\$ (551,662)</u></u> | <u><u>\$ (1,221,312)</u></u> |

The District's capital asset activity in the last two fiscal years has been for improvements to existing facilities.

**General Fund Budgetary Highlights**

The Board of Directors adopts an annual unappropriated budget for the General Fund prior to the beginning of each fiscal year. The Board did not amend the budget during the fiscal year.

Since the District's budget is primarily a planning tool, actual results varied from the budgeted amounts. Actual net change in fund balance was \$221,581 less than budgeted. The *Budgetary Comparison Schedule* on page 36 of this report provides variance information per financial statement line item.

**Capital Assets**

Capital assets held by the District at March 31, 2026 and 2025, are summarized as follows:

|                                      | 2026                       | 2025                       |
|--------------------------------------|----------------------------|----------------------------|
| Capital assets not being depreciated |                            |                            |
| Land and easements                   | \$ 138,490                 | \$ 138,490                 |
| Construction in progress             | 1,462,446                  | 876,524                    |
|                                      | <u>1,600,936</u>           | <u>1,015,014</u>           |
| Capital assets being depreciated     |                            |                            |
| Infrastructure                       | 13,300,207                 | 13,300,207                 |
| Parks and recreational facilities    | 48,165                     | 48,165                     |
|                                      | <u>13,348,372</u>          | <u>13,348,372</u>          |
| Less accumulated depreciation        |                            |                            |
| Infrastructure                       | (9,572,921)                | (9,333,176)                |
| Parks and recreational facilities    | (43,165)                   | (41,165)                   |
|                                      | <u>(9,616,086)</u>         | <u>(9,374,341)</u>         |
| Depreciable capital assets, net      | <u>3,732,286</u>           | <u>3,974,031</u>           |
| Capital assets, net                  | <u><u>\$ 5,333,222</u></u> | <u><u>\$ 4,989,045</u></u> |

The District's construction in progress is for the construction of Water plants no. 1 and 2 electrical upgrades and chloramine conversion.

**Long-Term Debt**

At March 31, 2026 and 2025, the District had total bonded debt outstanding as shown below:

| Series         | 2026                       | 2025                       |
|----------------|----------------------------|----------------------------|
| 2021 Refunding | \$ 1,570,000               | \$ 1,685,000               |
| 2022           | 3,330,000                  | 3,405,000                  |
|                | <u><u>\$ 4,900,000</u></u> | <u><u>\$ 5,090,000</u></u> |

At March 31, 2026, the District had \$16,070,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District and the refunding of such bonds.

**Property Taxes**

The District's property tax base increased approximately \$31,135,000 for the 2026 tax year from \$612,565,180 to \$643,699,865, based on preliminary values.

***Management's Discussion and Analysis***  
***March 31, 2026***

**Next Year's Budget**

In establishing the budget for the next fiscal year, the Board considered various economic factors that may affect the District, most notably projected revenues from property taxes and water/sewer services and the projected cost of operating the District and providing services to customers. A comparison of next fiscal year's budget to current fiscal year actual amounts for the General Fund is as follows:

|                             | <u>2026 Actual</u>         | <u>2027 Budget</u>         |
|-----------------------------|----------------------------|----------------------------|
| Total revenues              | \$ 2,849,279               | \$ 2,974,830               |
| Total expenditures          | <u>(3,231,853)</u>         | <u>(4,068,954)</u>         |
| Revenues under expenditures | (382,574)                  | (1,094,124)                |
| Beginning fund balance      | <u>4,366,816</u>           | <u>3,984,242</u>           |
| Ending fund balance         | <u><u>\$ 3,984,242</u></u> | <u><u>\$ 2,890,118</u></u> |

The fiscal year 2027 budget includes a significant increase in capital outlay expenditures, which the District expects to fund using existing General Fund surplus.

***Notes to Financial Statements***  
***March 31, 2026***

**Note 1 – Summary of Significant Accounting Policies**

The accounting policies of Mission Bend Municipal Utility District No. 1 (the “District”) conform with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). The following is a summary of the most significant policies:

**Creation**

The District was organized, created, and established pursuant to an order of the Texas Water Commission, statutory predecessor to the Texas Commission on Environmental Quality, dated December 7, 1977, and operates in accordance with the Texas Water Code, Chapters 49 and 54. The Board of Directors held its first meeting on February 21, 1978, and the first bonds were issued on June 20, 1979.

The District’s primary activities include construction, maintenance and operation of water, sewer and drainage facilities. The District has contracted with various consultants to provide services to operate and administer the affairs of the District. The District has no employees, related payroll or pension costs.

**Reporting Entity**

The District is a political subdivision of the State of Texas governed by an elected five-member board. The GASB has established the criteria for determining the reporting entity for financial statement reporting purposes. To qualify as a primary government, a government must have a separately elected governing body, be legally separate, and be fiscally independent of other state and local governments, while a component unit is a legally separate government for which the elected officials of a primary government are financially accountable. Fiscal independence implies that the government has the authority to adopt a budget, levy taxes, set rates, and/or issue bonds without approval from other governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statements as component units.

**Government-Wide and Fund Financial Statements**

Government-wide financial statements display information about the District as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Interfund activity, if any, has been removed from these statements. These aggregated statements consist of the *Statement of Net Position* and the *Statement of Activities*.

Fund financial statements display information at the individual fund level. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for a specific purpose. Each fund is considered to be a separate accounting entity. Most governments typically have many funds; however, governmental financial statements focus on the most important or “major”

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

funds with non-major funds aggregated in a single column. The District has three governmental funds, which are all considered major funds.

The following is a description of the various funds used by the District:

- The General Fund is used to account for the operations of the District's water and sewer system and all other financial transactions not reported in other funds. The principal sources of revenue are property taxes, water and sewer service fees and City of Houston sales tax rebates. Expenditures include costs associated with the daily operations of the District.
- The Debt Service Fund is used to account for the payment of interest and principal on the District's general long-term debt. The primary source of revenue for debt service is property taxes. Expenditures include costs incurred in assessing and collecting these taxes.
- The Capital Projects Fund is used to account for the expenditures of bond proceeds for the construction of the District's water, sewer and drainage facilities.

As a special-purpose government engaged in a single governmental program, the District has opted to combine its government-wide and fund financial statements in a columnar format showing an adjustments column for reconciling items between the two.

### **Measurement Focus and Basis of Accounting**

The government-wide financial statements use the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized in the accounting period in which it becomes both available and measurable to finance expenditures of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, interest earned on investments, City of Houston sales tax rebates, and income from District operations. Property taxes and City of Houston sales tax rebates receivable at the end of the fiscal year are treated as deferred inflows because they are not considered available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Note 2 further details the adjustments from the governmental fund presentation to the government-wide presentation.

### **Use of Restricted Resources**

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, then unrestricted resources as they are needed.

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

**Receivables**

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Receivables from and payables to external parties are reported separately and are not offset, unless a legal right of offset exists. At March 31, 2026, an allowance of \$15,177 was provided for possible uncollectible property taxes. An allowance for uncollectible water/sewer accounts was not considered necessary.

**Unbilled Service Revenues**

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided but unbilled at year-end has been included in the accompanying financial statements.

**Interfund Activity**

During the course of operations, transactions occur between individual funds. This can include internal transfers, payables and receivables. This activity is combined as internal balances and is eliminated in both the government-wide and fund financial statement presentation.

**Capital Assets**

Capital assets do not provide financial resources at the fund level, and, therefore, are reported only in the government-wide statements. The District defines capital assets as assets with an initial cost that exceeds the capitalization threshold for the asset class and an estimated useful life in excess of one year. Capital assets that individually are below the capitalization threshold but, in the aggregate, are above the threshold are capitalized. Subsequent replacements of these assets that do not exceed the threshold are not capitalized. The District's capitalization threshold for infrastructure assets is \$50,000. The threshold for subscription-based information technology arrangements (SBITAs) is \$250,000.

Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire the asset on the acquisition date. The District has not capitalized interest incurred during the construction of its capital assets. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Depreciable capital assets, which primarily consist of water, wastewater and drainage facilities, are depreciated using the straight-line method as follows:

| <u>Assets</u>                    | <u>Useful Life</u> |
|----------------------------------|--------------------|
| Infrastructure                   | 15-45 years        |
| Park and recreational facilities | 15-20 years        |

**Deferred Inflows and Outflows of Financial Resources**

A deferred inflow of financial resources is the acquisition of resources in one period that is applicable to a future period, while a deferred outflow of financial resources is the consumption of financial

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

resources in one period that is applicable to a future period. A deferred inflow results from the acquisition of an asset without a corresponding revenue or assumption of a liability. A deferred outflow results from the use of an asset without a corresponding expenditure or reduction of a liability.

At the fund level, property taxes and City of Houston sales tax rebates receivable that are not collected within 60 days of fiscal year end do not meet the availability criteria required for revenue recognition and are recorded as deferred inflows of financial resources.

**Net Position – Governmental Activities**

Governmental accounting standards establish the following three components of net position:

Net investment in capital assets – represents the District’s investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets.

Restricted – consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties.

Unrestricted – resources not included in the other components.

**Fund Balances – Governmental Funds**

Governmental accounting standards establish the following fund balance classifications:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District’s nonspendable fund balance consists of operating reserves paid to Chelford City Municipal Utility District for the joint regional wastewater treatment plant and the integrated water system.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The District’s restricted fund balances consist of unspent bond proceeds in the Capital Projects Fund and property taxes levied for debt service in the Debt Service Fund.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District does not have any committed fund balances.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

Unassigned - all other spendable amounts in the General Fund.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include, among others, the collectability of receivables; the value of unbilled utility revenues and receivables and the useful lives and impairment of capital assets. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

**Note 2 – Adjustment from Governmental to Government-wide Basis**

**Reconciliation of the *Governmental Funds Balance Sheet* to the *Statement of Net Position***

|                                                                                                                                                                                                     |                    |                            |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|----------------------------|
| Total fund balance, governmental funds                                                                                                                                                              |                    | \$ 5,051,429               |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.                                                        |                    |                            |
| Historical cost                                                                                                                                                                                     | \$ 14,949,308      |                            |
| Less accumulated depreciation                                                                                                                                                                       | <u>(9,616,086)</u> | 5,333,222                  |
| Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. The difference consists of:                          |                    |                            |
| Accrued interest payable                                                                                                                                                                            | (14,567)           |                            |
| Bonds payable                                                                                                                                                                                       | <u>(4,900,000)</u> | (4,914,567)                |
| Deferred inflows in the fund statements consist of receivables that are not available to pay current period expenditures. These amounts are included in revenues in the government-wide statements. |                    |                            |
| Property taxes and penalties and interest                                                                                                                                                           | 266,249            |                            |
| City of Houston sales taxes rebates                                                                                                                                                                 | <u>19,461</u>      | 285,710                    |
| Total net position - governmental activities                                                                                                                                                        |                    | <u><u>\$ 5,755,794</u></u> |

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

**Reconciliation of the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* to the *Statement of Activities***

|                                                        |  |    |           |
|--------------------------------------------------------|--|----|-----------|
| Net change in fund balances - total governmental funds |  | \$ | (999,610) |
|--------------------------------------------------------|--|----|-----------|

Governmental funds do not report revenues that are not available to pay current obligations. In contrast, such revenues are reported in the *Statement of Activities* when earned. The difference is for the following:

|                                           |    |              |        |
|-------------------------------------------|----|--------------|--------|
| Property taxes and penalties and interest | \$ | 52,030       |        |
| City of Houston sales tax rebates         |    | <u>1,064</u> |        |
|                                           |    |              | 53,094 |

Financial reporting for capital assets varies significantly between the fund statements and the government-wide statements. Reporting at the fund level focuses on the impact of transactions on financial resources (i.e., cash), while reporting at the government-wide level seeks to allocate the cost of the acquisition of capital assets over their useful lives. Differences during the current fiscal year are for the following:

|                      |  |                  |         |
|----------------------|--|------------------|---------|
| Capital outlays      |  | 585,922          |         |
| Depreciation expense |  | <u>(241,745)</u> |         |
|                      |  |                  | 344,177 |

Financial reporting for certain obligations varies between the fund statements and the government-wide statements. At the fund level, the focus is on increases and decreases of financial resources as debt is issued and repaid. At the government-wide level, the focus is on measuring and reporting on changes in the District's obligation to repay liabilities in the future. Differences during the current fiscal year are for the following:

|                          |  |            |         |
|--------------------------|--|------------|---------|
| Principal payments       |  | 190,000    |         |
| Interest expense accrual |  | <u>537</u> |         |
|                          |  |            | 190,537 |

|                                                   |  |           |                  |
|---------------------------------------------------|--|-----------|------------------|
| Change in net position of governmental activities |  | <u>\$</u> | <u>(411,802)</u> |
|---------------------------------------------------|--|-----------|------------------|

**Note 3 – Deposits and Investments**

**Deposit Custodial Credit Risk**

Custodial credit risk as it applies to deposits (i.e. cash and certificates of deposit) is the risk that, in the event of the failure of the depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities. The *Public Funds Collateral Act* (Chapter 2257, Texas Government Code) requires that all of the District's deposits with financial institutions be covered by federal depository insurance and, if necessary, pledged collateral held by a third-party custodian. The act further specifies the types of securities that can be used as collateral. The District's written investment policy establishes additional requirements for collateralization of deposits.

**Investments**

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

The District is authorized by the *Public Funds Investment Act* (Chapter 2256, Texas Government Code) to invest in the following: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies or instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states and political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) certain insured or collateralized certificates of deposit and share certificates, (8) certain fully collateralized repurchase agreements, (9) bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds, with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District has adopted a written investment policy to establish the principles by which the District's investment program should be managed. This policy further restricts the types of investments in which the District may invest.

As of March 31, 2026, the District's investments consist of the following:

| Type                    | Fund             | Carrying Value      | Percentage of Total | Rating | Weighted Average Maturity |
|-------------------------|------------------|---------------------|---------------------|--------|---------------------------|
| Certificates of deposit | General          | \$ 1,890,000        |                     |        |                           |
|                         | Debt Service     | 235,000             |                     |        |                           |

The District's investments in certificates of deposit are reported at cost.

**Texas CLASS**

The District participates in Texas Cooperative Liquid Assets Securities System (Texas CLASS). Texas CLASS is managed by an elected Board of Trustees consisting of members of the pool. Additionally, the Board of Trustees has established an advisory board, the function of which is to provide guidance on investment policies and strategies. The Board of Trustees has selected Public Trust Advisors, LLC as the program administer and UMB Bank N.A., as the custodian.

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

The District's investment in Texas CLASS is reported at fair value because Texas CLASS uses fair value to report investments (other than repurchase agreements which are valued at amortized cost). Governmental accounting standards establish the following hierarchy of inputs used to measure fair value: Level 1 inputs are based on quoted prices in active markets, Level 2 inputs are based on significant other observable inputs, and Level 3 inputs are based on significant unobservable inputs. The District's investment in Texas CLASS is measured using published fair value per share (level 1 inputs).

Investments in Texas CLASS may be withdrawn via wire transfer on a same day basis, as long as the transaction is executed by 4 p.m. ACH withdrawals made by 4 p.m. will settle on the next business day.

**Investment Credit and Interest Rate Risk**

Investment credit risk is the risk that the investor may not recover the value of an investment from the issuer, while interest rate risk is the risk that the value of an investment will be adversely affected by changes in interest rates. The District's investment policies do not address investment credit and interest rate risk beyond the rating and maturity restrictions established by state statutes.

**Note 4 – Interfund Balances and Transactions**

Amounts due to/from other funds at March 31, 2026, consist of the following:

| <u>Receivable Fund</u> | <u>Payable Fund</u> | <u>Amounts</u> | <u>Purpose</u>                                             |
|------------------------|---------------------|----------------|------------------------------------------------------------|
| General Fund           | Debt Service Fund   | \$ 27,786      | Maintenance tax collections not<br>remitted as of year end |

Amounts reported as internal balances between funds are considered temporary balances and will be paid during the following fiscal year.

|                                          | <u>13,348,372</u>     |                           | <u>13,348,372</u>   |
| Less accumulated depreciation            |                       |                           |                     |
| Infrastructure                           | (9,333,176)           | (239,745)                 | (9,572,921)         |
| Parks and recreational facilities        | (41,165)              | (2,000)                   | (43,165)            |
|                                          | <u>(9,374,341)</u>    | <u>(241,745)</u>          | <u>(9,616,086)</u>  |
| Subtotal depreciable capital assets, net | <u>3,974,031</u>      | <u>(241,745)</u>          | <u>3,732,286</u>    |
| Capital assets, net                      | <u>\$ 4,989,045</u>   | <u>\$ 344,177</u>         | <u>\$ 5,333,222</u> |

Depreciation expense for the current fiscal year was \$241,745.

The District has contractual commitments for construction projects as follows:

|                                              | Contract<br>Amount | Paid To<br>Date | Remaining<br>Amount * |
|----------------------------------------------|--------------------|-----------------|-----------------------|
| Water plants no. 1 and 2 electrical upgrades | \$ 1,185,964       | \$ 1,107,491    | \$ 78,473             |

\* Includes retainage

**Note 6 – Long-Term Debt**

Long-term debt is comprised of the following:

|                     |                     |
|---------------------|---------------------|
| Bonds payable       | <u>\$ 4,900,000</u> |
| Due within one year | <u>\$ 195,000</u>   |

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

The District's bonds payable at March 31, 2026, consists of unlimited tax bonds as follows:

| Series            | Amounts<br>Outstanding | Original<br>Issue | Interest<br>Rates | Maturity Date,<br>Serially,<br>Beginning/<br>Ending | Interest<br>Payment<br>Dates | Call<br>Dates        |
|-------------------|------------------------|-------------------|-------------------|-----------------------------------------------------|------------------------------|----------------------|
| 2021              | \$ 1,570,000           | \$ 2,005,000      | 2.00% - 3.00%     | September 1,<br>2022/2037                           | September 1,<br>March 1      | September 1,<br>2026 |
| Refunding<br>2022 | 3,330,000              | 3,480,000         | 4.00% - 4.50%     | September 1,<br>2024/2049                           | September 1,<br>March 1      | September 1,<br>2028 |
|                   | <u>\$ 4,900,000</u>    |                   |                   |                                                     |                              |                      |

Payments of principal and interest on all series of bonds are to be provided from taxes levied on all properties within the District. Investment income realized by the Debt Service Fund from investment of idle funds will be used to pay outstanding bond principal and interest. The District is in compliance with the terms of its bond resolutions.

At March 31, 2026, the District had authorized but unissued bonds in the amount of \$16,070,000 for water, sewer and drainage facilities and the refunding of such bonds.

The change in the District's long-term debt during the year is as follows:

|                                  |                     |
|----------------------------------|---------------------|
| Bonds payable, beginning of year | \$ 5,090,000        |
| Bonds retired                    | <u>(190,000)</u>    |
| Bonds payable, end of year       | <u>\$ 4,900,000</u> |

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

As of March 31, 2026, annual debt service requirements on bonds outstanding are as follows:

| Year | Principal           | Interest            | Totals              |
|------|---------------------|---------------------|---------------------|
| 2027 | \$ 195,000          | \$ 171,500          | \$ 366,500          |
| 2028 | 200,000             | 164,825             | 364,825             |

|      | <u>\$ 4,900,000</u> | <u>\$ 2,301,850</u> | <u>\$ 7,201,850</u> |

**Note 7 – Property Taxes**

On August 12, 1978, the voters of the District authorized the District's Board of Directors to levy taxes annually for use in financing general operations limited to \$0.25 per \$100 of assessed value. The District's bond resolutions require that property taxes be levied for use in paying interest and principal on long-term debt and for use in paying the cost of assessing and collecting taxes. Taxes levied to finance debt service requirements on long-term debt are without limitation as to rate or amount.

All property values and exempt status, if any, are determined by the Harris Central Appraisal District and the Fort Bend Central Appraisal District. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

Property taxes are collected based on rates adopted in the year of the levy. The District's 2026 fiscal year was financed through the 2025 tax levy, pursuant to which the District levied property taxes of \$0.217 per \$100 of assessed value, of which \$0.16 was allocated to maintenance and operations and

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

\$0.057 was allocated to debt service. The resulting tax levy was \$1,329,266 on the adjusted taxable value of \$612,565,180.

Net property taxes receivable, at March 31, 2026, consisted of the following:

|                                           |                          |
|-------------------------------------------|--------------------------|
| Current year taxes receivable             | \$ 121,934               |
| Prior years taxes receivable              | 101,126                  |
| Less allowance for uncollectible accounts | <u>(15,177)</u>          |
|                                           | 207,883                  |
| Penalty and interest receivable           | <u>58,366</u>            |
| Net property taxes receivable             | <u><u>\$ 266,249</u></u> |

**Note 8 – Financing and Operation Regional Facilities**

On May 9, 1978, the District entered into a 40-year agreement, subsequently amended August 2, 1999, with Chelford City Municipal Utility District (“Chelford City”). Chelford City entered into a series of individual 40-year contracts whereby Chelford City agrees to provide or cause to be provided the regional wastewater treatment and disposal facilities necessary to serve the participating districts. The contract was subsequently amended on September 11, 2006, to update each participant’s percentage of ownership and to make the contract automatically renew for successive 40-year terms until all of the parties are annexed and dissolved by the City of Houston.

The agreements are as follows:

| Participants                                                               | Date of Agreement |

Chelford City operates the regional facility and holds title for the benefit of the participants. Participants are billed monthly based on \$1.50 per 1,000 gallons-per-day capacity acquired in the treatment facilities, plus a pro rata share of budgeted costs in excess of this amount based on the number of connections. The District recorded \$527,734 in expenditures for the current fiscal year. In addition, each participant has paid for its pro rata share of an operating and maintenance reserve equivalent to three month's share average budgeted expenditures for the next fiscal year. The District's share of the operating reserve is \$112,578.

The following represents condensed audit financial information of the Plant, as of and for the year September 30, 2025. Complete financial statements for the plant may be obtained from Coats, Rose, Yale, Ryman & Lee, P.C., 9 Greenway Plaza, Suite 1000, Houston, Texas 77046.

***Mission Bend Municipal Utility District No. 1***  
***Notes to Financial Statements***  
***March 31, 2026***

**Note 9 – Integrated Water System**

On May 14, 1981, subsequently amended on April 1, 2018, as the Second Amended and Restated Water Supply and Billing Agreement, the District, Chelford City Municipal Utility District, Chelford One Municipal Utility District, and Mission Bend Municipal Utility District No. 2 (Mission Bend No. 2) entered into a water supply and billing agreement. The interconnections between the districts have been opened and the water supplied through the coordinated operation of the water plants. Costs of operating the water plants are based on the pro rata number of gallons billed by each district. During the current fiscal year, the District's share of this cost was \$76,320. A reserve of \$173,548 was established which is equal to an estimate of two months of electricity, telephone, and chemical bills and two months of estimated water authority fees.

In addition to the agreement, these same four districts entered into supplemental agreements for the construction, financing, and operation of elevated water storage facilities. The agreements are dated May 30, 1986, July 1, 2001, June 1, 2012, which were also amended by the Second Amended and Restated Water Supply Agreement dated April 1, 2018. Mission Bend No. 2 holds title to the facilities subject to the equitable ownership rights of each of the participants. Mission Bend No. 2 administered the construction of the facilities and operates and maintains the facilities. All construction and related costs and all costs of operating and maintaining the facilities are shared based on the capacity owned by each district.

The capacity and ownership have been allocated as follows:

| Participants                                  | Capacity (gpd) | Percent |
|-----------------------------------------------|----------------|---------|
| Chelford City Municipal Utility District      | 300,000        | 15.14%  |
| Chelford One Municipal Utility District       | 250,000        | 12.62%  |
| Mission Bend Municipal Utility District No. 1 | 450,000        | 22.16%  |
| Mission Bend Municipal Utility District No. 2 | 1,000,000      | 50.08%  |

**Note 10 – Strategic Partnership Agreement**

On April 8, 2003, the District, and the City of Houston (the "City") entered into a Strategic Partnership Agreement under which the City annexed a tract of land within the District for the limited purposes of the City's Planning, Zoning, Health and Safety Ordinances within the District. This agreement was amended on June 30, 2005, for the limited purpose annexation by the City of an additional tract of land within the District for the same purposes and for the purpose of imposing the City's fireworks ban on the original and amended tracts. The District amended the agreement again on December 13, 2010, to include additional annexed land. The District continues to exercise all powers and functions of a municipal utility district as provided by law. As consideration for the District providing services described in the agreement, the City agreed to remit one half of all retail sales tax collected from retailers located in the District's boundaries. The City agrees that it will not annex the District for full purposes during the term of this agreement, which is thirty years. For the year ending March 31, 2026, the District recorded revenues of \$210,570 related to the agreement. These revenues may be used for any lawful purpose.

**Note 11 – West Harris County Regional Water Authority**

The District is located within the boundaries of the West Harris County Regional Water Authority (the “Authority”). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 1842 (the “Act”), passed by the 77th Texas Legislature in 2021. The Act empowers the Authority for purposes including the acquisition and provision of surface water and groundwater for residential, commercial, industrial, agricultural, and other uses, the reduction of groundwaters withdrawals, the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and of groundwater reservoirs or their subdivisions and the control of subsidence caused by the withdrawal of water from those groundwater reservoirs or their subdivisions. The Authority oversees the participants’ compliance with subsidence district pumpage requirements. The District is required to convert from groundwater to surface water over a period of time.

A nine-member Board of Directors governs the Authority. The directors serve staggered four-year terms. Each director must qualify to serve as director in the manner provided by Section 49.055 of the Water Code.

The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted. The Authority also charges a fee for surface water supplied to participants. These fees enable the Authority to fulfill its purpose and regulatory functions. As of March 31, 2026, the groundwater pumpage fee is \$3.95 per 1,000 gallons of water pumped from each well and the surface water fee is \$4.35 per 1,000 gallons delivered. As a part of the Integrated Water Supply Agreement, the District pays the Authority fees through the responsible District, Chelford City, who bills based on the Districts percentage of total gallons billed by all the participants to the Agreement. The District recorded expenditures of \$1,018,769 for fees assessed during the current fiscal year.

**Note 12 – Risk Management**

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and personal injuries. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.
